Link Crew 2011 Follow Up Course

Who should go?

If you attended the Basic Training in 2011, this one day conference is the fourth day of the training and is an absolute must! This training will provide you with the information and a handbook on how to execute the year-long Link Crew program as well as give you a chance to briefly evaluate your first orientation.

If you attended a Basic Training prior to 2011, you are also welcome. Although this conference focuses on the needs of those just trained and running first year programs, you will also benefit from this one day conference. The day will provide you with additional ideas for the in-year portion of your Link Crew program as well as send you back to school with the Link Crew spirit!

Bring your friends! Want to bring others who haven't been trained in Link Crew and give them the opportunity to experience the flavor of Link Crew? Untrained guests may attend for the registration price of \$150 each and must be accompanied by a trained coordinator from the same school.
