

At the 2012 WEB Refresher you will:

- Learn little improvements that make big changes.
- Sharpen your skills to improve training WEB Leaders.
- Take time to create a year long plan with fellow coordinators so you return to school with direction and focus for the next year.
- Find ways to keep yourself motivated as the WEB Coordinator.
- Find more ideas to keep your program strong throughout the year.
- Discuss with other WEB Coordinators the difficulties you have experienced, and leave with strategies to solve those challenges.
- Get refreshed and re-energized by hanging out with great friends and awesome people.

WEB Refresher

Move WEB to peak performance at your school and get fired up!

One of the great things about the WEB network is the chance to work with others who have been doing WEB at their school for years. This gives you the opportunity to learn new skills and information while at the same time re-evaluating how effective your program is and how much more effective you want it to be.

This conference promises to be an excellent way to keep you up to date on new ideas we have found and developed, as well as sharing the great ideas others have discovered in the last year. Come share, discover, and get refreshed about making WEB an effective and powerful in-year program on your campus.

This Training Includes:

- 2 nights stay*, 2 full days of training & 6 fabulous meals
- Updates to your handbook, new DVD and CD training materials
- On-going phone and online support

*The Refresher begins on the date indicated. However, dinner and lodging the night before are included in the conference price so come and enjoy.
